Your home insurance **POLICY BOOKLET**

Welcome

Thanks for choosing us to protect your home.

Our cover is independently rated by Defaqto as providing one of the highest quality offerings in the market. We appreciate that buying insurance can be hard work and jargon can lead people to feel less confident that the cover offered meets their needs.

We're different

Customers tell us that it's important to be clear about what they're covered for; so we've been through this booklet to make sure it is written as clearly as possible.

Insurance can be complicated – there is still plenty of detail we need to tell you about – but we make every effort to make sure that you're clear on what you've bought.

What's coming up in this booklet

Think of this booklet as a generic manual which describes standard policy terms. If your circumstances require us to apply different terms and conditions, you'll always be able to find these in the separate Policy Document we send to you when you buy or renew your policy.

Contents

Home, Outbuildings and Boundary at a Glance

Please note: These diagrams are for illustration only, if there's a conflict between the diagrams and the wording in your policy, the wording should be used.

Getting Started: Conditions and Limitations That Apply to Your Policy

1. Check the cover limits

You can find Your cover limits in Your Policy Document. When you read this, make sure You've requested adequate levels of cover:

- When taking out a policy, You are asked the amount it would take to completely rebuild Your Home, Outbuildings or replace Your Contents as new, the "sum insured".
- If the "sum insured" isn't enough, You are "underinsured". This might mean that any claim that is settled will be reduced in proportion depending on how underinsured You are, regardless of the amount of the claim.
- Certain types of cover within the policy also have an individual specific limit. This is the maximum We would pay in any claim.

2. Your information should be up to date

Your cover is based on information you provide to Us, as detailed within Your Policy Documents. If this is incorrect, incomplete or changes during the policy year, You must take steps to tell us. If not, there is a risk Your policy could be cancelled, amended, additional premium could be charged or claims could be reduced or rejected. This isn't an exhaustive list, but changes You must tell us about include:

- Changing address or undertaking any Repairs, Alterations, Extensions or Renovations;
- Letting the Home or using it for any purpose other than as a private residence (including business use); or if there is a break in tenancy of 30 days or greater;
- If Your Home is no longer occupied solely by You or Your family; or will become unoccupied for 30 consecutive days or more;
- If You are declared bankrupt or have been convicted of any offence other than driving offences;

3. Take reasonable care of Your Home

Your Home and Your belongings should always be kept in a good state of repair and working condition. Failure to do so may affect Your insurance cover. Please note specifically:

- Your policy won't cover losses caused by poor maintenance or damage which happens gradually. Maintaining Your Home and belongings and keeping them in a good state of repair helps prevent such damage.

To reduce the risk of something going wrong:

- Take reasonable care to install and use appliances in accordance with the manufacturers' original instructions.
- Ensure any building, electrical or plumbing work done at Your Home complies with any relevant regulations. Such work should be carried out by a qualified contractor to ensure compliance with current standards

We've listed exceptions that apply to all sections of cover here, so You can be clear what isn't covered. An Excess will usually be deducted when making a claim and details on any separate terms and conditions relevant to You can be found in Your Policy Document.

What is not covered

Your policy will **not pay** for claims which are:

- Not covered as an Insured Loss under Your policy;
- For items You don't own or aren't legally responsible for;
- For incidents which happen before Your policy started or after it has ended;
- Unexplained Losses;
- The responsibility of a Third Party, where full compensation has been provided.

Your policy will **not cover** loss, damage, liability, costs or expenses for claims in the following circumstances:

- Caused by sonic bangs;
- Relating to Pollutants including asbestos, unless We explicitly state otherwise;
- War, invasion or warlike operations, revolution, rebellion, insurrection or military power;
- Act of Terrorism or Nuclear Hazards;
- Damage caused deliberately or recklessly by You or Your guests;
- Repairs, Alterations, Extensions or Renovations unless We agree those in writing;
- Breakdowns, mechanical faults, electrical faults or computer viruses;
- Damage caused by gradual wear and tear; or failure to fix a known issue (e.g. a visible leak isn't fixed which causes further damage);
- Pure Cosmetic Damage;
- Entire pairs, sets or suites where claims will be settled on a proportional basis (e.g. if You damage one of two sofas worth £3,000, the maximum We'd pay would be £1,500);
- Alleged criminal activity where You don't have a crime reference number (e.g. if You make a claim for a stolen laptop this would have to be reported to the police first);
- Loss of earnings, profits, goods or property value from depreciation or deception (except where deception was used to get into the home) or confiscation;
- Bills You'd otherwise have paid or from failure to pay bills (e.g. Your electricity bill, damage caused by debt collectors etc.);
- Costs or expenses unless We have agreed to pay them in advance;
- Damage caused by infestation (other than Vermin), corrosion, damp, wet or dry rot or mould.

How to Claim

Regardless of which options You have, if You need to make a claim please call 0330 660 0660 and We'll direct You to the right team.

How claims will be dealt with:

We are here to help when the worst happens. When facing a claim, there are a few things You can do to make things go smoothly and ensure that Your claim is not reduced or rejected:

- Take reasonable steps to prevent further damage.
- Take reasonable steps to recover missing property and do not dispose of anything without getting permission from Us first.
- Inform the police and obtain a crime reference number if You are the victim of theft, riot, malicious damage, or if property is stolen.
- Do not admit or deny any claim made by a Third Party against You or make any agreement with them as this may prejudice Your claim.
- Call the claims line as soon as possible after You become aware that You need to make a claim. Please then provide Us with any proof of loss, damage or ownership within 30 days to ensure We're able to deal with Your claim swiftly.
- When You call the claims line, please;
 - Have Your Policy Document to hand;
 - Have proof of ownership or a valuation especially for High Risk Items (e.g. receipts, bank statements or instruction manuals);
 - Provide proof of loss along with a full description of what happened. We only ask for information relevant to the claim and will reimburse reasonable costs You might incur for providing this information.
 - Make sure the detail You provide is accurate and honest. If We detect false, fraudulent or exaggerated information when dealing with a claim, Your claim will not be paid and We may inform the police of the circumstances.

What happens when a claim is notified

You will speak to a knowledgeable member of staff who can discuss the claim and explain the next steps. We will call You back when promised and will provide regular updates on Your claim.

To give extra peace of mind:

- We allow up to 10% leeway on the threshold for specified items if the value is uncertain. For example, if an antique clock is found to be worth £1,600 when You make a claim, We will consider paying under Our Contents cover even though We require You to specify High Risk Items worth more than £1,500.
- We will treat You fairly if the value of an item changes during the Period of Insurance. For example, if the price of gold were to suddenly double during the life of the policy, we would take this into account at point of claim.
- Any work We arrange is guaranteed for 12 months following a claim.

We will pay up to the sum insured or the limit shown in Your policy for each claim.

- Where an excess applies, this will be taken off the amount of Your claim before we apply any limit(s).
- We'll agree the most suitable option with You when repairing or replacing damaged item(s).
- Where We replace an item, We will do our best to meet the original specification on a new for old basis. If We can't find an exact replacement, We'll offer You a suitable alternative, or a full cash settlement. If You want to upgrade, all We ask is that You pay the difference.
- We use approved suppliers to settle claims. If We agree to use a supplier of Your choice, or where We settle directly with You, any payment(s) will take into account any discount We would have received.
- Where We agree to settle in cash, We'll give You an up to date replacement cost.
- We may decide to take over the rights to defend or settle a claim, or take proceedings in Your name.
- If appropriate, We may pursue a Third Party to recover Your Excess and/ or Our contribution to the claim.
- If You have another policy which also covers the claim – We will deal with the other insurer to calculate Our proportional share of the claim cost.

Where We cancel Your policy, We’ll give 30 days’ written notice to Your last address. We’ll then cancel Your policy on a proportional basis based on how long You’ve had cover.

If You’ve made a claim at any time during this cover, You will not be entitled to any refund.

Outstanding fees or premium

If We’re unable to collect fees, charges, or premiums We’ll contact You to let You know. If We don’t hear from You, we’ll contact You again to request payment within 7 days.
